Females may be spayed after 12 months of age and males may be neutered after 14 months, preferably after 18 months of age. Spay or neuter before these ages voids all hip guarantees on puppy.

Initials

The Seller has enquired of the purchaser his or her past experience with dogs and with this particular dog breed and on the basis of the information received is willing to place a puppy with the purchaser. The Seller will instruct the purchaser of the main conditions the breed is prone to and the health schemes followed to reduce the risk of such conditions. The Seller guarantees that said puppy will be free of genetic eye disorders and crippling hip dysplasia for 14 months. Any puppy unable to function as a household pet due to canine hip dysplasia must be diagnosed as such by an OFA board-certified veterinary radiologist. Buyer must present all documentation along with x-rays, proof of preventative health care, this contract, and puppy/dog to the Seller. When a puppy of equal value is available, replacement shall be made. No refunds will be offered.
